

We are honoured to announce that on 29 July 2022 the results of evaluation of scientific activity of the Institute in the years 2017-2021 were presented by the Ministry of Education and Science. The Institute has obtained:

Such successful evaluation evidences the high level of scientific activities lead in the Institute and shows the high position of the Institute among other scientific units. According to the obtained scientific categories we can confer scientific degrees in both disciplines, and also seek for financial support from the Government. We are sure that obtained results confirm the rightness of multidirectional activities and changes proposed in the last years.

We would like to thank all researchers and employees who directly or indirectly were involved in the scientific research.

We hope that high scientific categories will be a motivation for further work on scientific excellence.
